

*March 22, 2013*

Hi All,

**3/27, House Approps (2PM), SB 1432, Striker Now: Behavioral Health Examiners Board; Continuation**

**Board of Behavioral Health Examiners:** SB1374 passed House Health on Wednesday and will go to the floor soon. There is an anticipated Striker amendment to SB1432 (it is no longer the “bathroom” bill, by the way). The amendment bifurcates the bill into its two aspects: the board continuation and the board restructuring and reform. We continue to work very closely with Senator Barto on these changes and the amendments that are expected on the floor. Keep those cards and letters coming to your legislators and the Governor’s office. To find your legislators, go here:
